**Source:** Data are from the U.S. Department of Health and Human Services (HHS), Administration for Children and Families (ACF), Office of Child Care (OCC), as published on the OCC website in May 2011. In estimating allocations, HHS used data from the following sources: population under age 5 and population under age 13 from the Census Bureau published in July 2010; FY2009 participants in the Free and Reduced School Lunch Program from the Department of Agriculture; and per capita personal income for 2006, 2007, and 2008 from the Department of Commerce published in April 2010.

**Notes:** For this table, allocations are based on appropriated (and pre-appropriated) funding and do not include re-allotments. Estimates of minimum state funding required include both maintenance of effort and state share of mandatory matching funds.
