Source: Table prepared by the Congressional Research Service on August 16, 2012, for the 2012 version of the House Ways and Means Committee Green Book. The table is based on CCDF expenditure data from the U.S. Department of Health and Human Services. Constant dollars were calculated using the Consumer Price Index for All Urban Consumers (CPI-U) for FY2010. Amounts shown in the CCDF discretionary column include expenditures of federal funds transferred from state TANF programs to state CCDF programs and, for FY2009 and FY2010, expenditure of federal funds appropriated to the CCDF from the American Recovery and Reinvestment Act of 2009 (P.L. 111-5).
